DriveSavers.com

Dear Asurion and uBreakiFix Team,

DriveSavers Data Recovery is an official partner of Asurion and uBreakiFix!

Since 1985, DriveSavers has performed data recovery on every kind of storage device including hard disk drives (HDDs), solid-state drives (SSDs), fusion drives, the new MacBook Pros and iMacs (with the Apple T2 Security Chip), smart phones, tablets, USB flash drives, camera cards, and enterprise-level devices like RAIDs. DriveSavers handles every kind of data loss situation such as mechanical failure, physical failures including water and fire damage, data corruption, file deletions, head crashes, and more.

Asurion and uBreakiFix customers receive automatic discounts and special benefits including:

- 10% discount
- Free shipping to our facility
- Free evaluation of their device at our data recovery lab
- No charge if the data is unrecoverable

DriveSavers Data Recovery Advisors are available 24/7 at **800.372.1423**. When your customers need data recovery, provide them with a brochure to reference your exclusive DriveSavers ID number to receive the special benefits.

Wishing you great success,

Scott Moyer,
President of DriveSavers, Inc.
