DATA SECURITY

DriveSavers is the only data recovery company in the industry that undergoes an annual SSAE 18 SOC 2 Type II audit of its internal data hosting and processing controls.

The audit is performed by an independent third party who verifies our qualifications to support customers that must comply with data privacy and data security regulations.

- HIPAA
- FERPA
- DAR
- SOX
- GLBA
- NIST SP 800.34 Rev. 1
- FAR 52.224-2 (Privacy Act)

COMPANIES WORLDWIDE TRUST DRIVESAVERS

Most of our business comes from referrals and repeat customers. We have earned a reputation as the most trusted and respected data recovery service provider in the industry.

CERTIFIED ISO CLASS 5 CLEANROOM

To protect hard disk drives and data from contaminant damage, DriveSavers performs data recoveries in the most technologically advanced cleanroom environment in the industry.

Third-party auditors test our cleanroom biannually. It is certified ISO 14644-1 Class 5—the same certification standard that original storage device manufacturers adhere to during the manufacturing process.
