

Restoring Data and Peace of Mind Since 1985®

Dear uBreakiFix and Asurion Team,

Enclosed are useful gifts from DriveSavers, your official data recovery partner.

Since 1985, DriveSavers has served customers worldwide and performed data recovery on every type of storage device. Capabilities include hard disk drives (HDDs), solid-state drives (SSDs), embedded flash memory, fusion drives, various computer models such as the latest MacBook Pro and Dell XPS 13, as well as mobile devices like iPhones and Androids. Additionally, DriveSavers recovers data from tablets, USB flash drives, camera cards, complex enterprise-level systems like RAID server systems, and virtual machines such as VMware.

DriveSavers remains at the forefront of data recovery, utilizing cutting-edge tools, proprietary methods, and advanced research, including the most advanced Certified ISO Class 5 Cleanroom in the industry and state-of-the-art X-ray technology. Learn more at DriveSavers.com/x-ray.

uBreakiFix by Asurion customers receive automatic discounts and special benefits:

- 10% discount
- Free shipping to our facility
- Free evaluation of their device at our data recovery lab
- No charge if the data is unrecoverable

DriveSavers Data Recovery Advisors are available 24/7 at **800.372.1423**. When your customers need data recovery, provide them with a brochure and reference your exclusive DriveSavers ID number to receive the special benefits.

Wishing you great success,

Scott Moyer
